As the new season starts, we ask that you remember the following when preparing for dance classes. First, please wear appropriate dance clothes and shoes for the classes that you are taking. If you are not sure what is appropriate, please ask at the front desk and we can discuss this with you. Secondly, we recommend that you always keep hair pulled back away from the face. And finally, please bring a water bottle with you to class this is especially important if you have more than one dance class in an evening.

See everyone the week of August 8.
