Recital Planning Begins!

Can you believe it is time to start planning recital already?

Well it is, costume fees are due on January 15, 2017. They are \$80 per class. Why do we collect costume fees so early? Well there are several reasons some of which we have listed below.

- **Better Selection** - There are a lot of studios that do spring recitals and by collecting the money in January we have a better chance of getting the costumes selected for each class.
- **Keeping the Costs Low** - By ordering early we avoid having to pay for any rush orders or shipping fees that might occur closer to our recital date.
- **Time for Alterations** - The earlier we order the earlier the costumes come in, which allows time for alterations if needed.
