## Featured Dance Style

If you have ever seen a musical, then you have seen musical theatre dance. Musical Theatre Dance is the combination of dance, singing and acting. Dance extends the expression of the dialogue or sung lyric of the portrayed character. Musical Theatre dance can include many styles of dance from Ballet to Jazz and even Tap.

This style is often referred to as the triple threat or trifecta (singing, dancing and acting). If you have a love for theatre and a love for dance this is definitely the class for you. Try something new in the new year simply register online.

## Moving Two Doors Down in 2020!

We have some exciting news to share with you! Due to the expansion of the grocery store next door to our current location, the studio will be relocating two doors down from where we are now to the other side of the pool store.

Throughout January you will see us cleaning out the current studio in preparation for our big move. As we have more information regarding when exactly our new space will be ready to go, we will let you know.

Thank you in advance for all your support and understanding during these next several months while we transition to our new space. There are bound to be a few hiccups along the way and we truly appreciate all your patience and understanding as we navigate through them with you.

We are excited to see what 2020 will bring and we hope you are too!

## Thank you for a great 2019!

Thank you to all of you for another great year at Footnotes Dance and Music Studio. We ended 2019 with another great Christmas performance at the Lehigh Town Center Tree Lighting. Thank you to all the dancers and all their supporters for coming out and making it a great event.

All the teachers would also like to thank everyone who put wonderful notes and drawing in their stockings. It really did put a smile on our faces this holiday season.

We are now looking forward to 2020 and hope to see you all in class starting on January 6, 2020.

Happy New Year!
